

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a beautiful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potassium or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

PLAYS and PLAYERS

Paul Gilmore in a Khaki uniform is seemingly attraction enough without the strong play that goes with the uniform. Mr. Gilmore will exhibit the uniform in his new play, "The Boys of Company B," on Friday, November 13 at the Grand. Of the part of Tony Allen, in which he has captured so many hearts this season, Mr.

Gilmore says that it is the most satisfactory part he has ever had. Speaking of the part and its possibilities Mr. Gilmore said the other evening: "In the August Current Literature there is a very clever article that starts off with the sentence, 'History is made by two-legged principles.' The author goes on to explain the meaning of his epigram by

more appealing personality. I have never found in a modern play, I trust that Tony will appeal to my good friends across the Atlantic as he has to me."

A coming attraction that will afford amusement to all classes of the city goes to the sparkling farce comedy Hoyt's "A Bunch of Keys" on Monday, November 16 at the Grand. The cast includes clever farce comedy favorites, catchy songs, charming dances, big novelty acts and up-to-date specialties are among the pleasing features offered by the attraction.

Ross Snow and Chas. Mason, the famous comedians with Ziegfeld's "Follies of 1907" have a specialty in that revue that never fails to create wild enthusiasm wherever it is seen. The fact one might enumerate any number of startling features with the "Follies" but what's the use? Many a good story has been spoiled by some one telling its point just prior to the psychological moment, consequently it is deemed advisable to let the whole come as a monster surprise.

"The Follies of 1907" will be seen at the Grand soon.

Charles Frohman has completed the organization and the rehearsals of a fourth "The Thief" company, which will immediately go on a tour through the south and west.

Miss Hattie Williams and her "Fluffy Ruffies" company are playing to record business at the Garrick Theatre, Philadelphia, and the business of the town against some of the best known musical pieces now on tour.

saying that "truth in the abstract, a disembodied principle, has little to do with human events. The principle, the truth, must be seen by a human mind, expressed in some way to other minds, and find its champion-ship in human blood before it molds the destinies of the world. It is always a principle plus a personality that accomplishes lasting results and

the principle is always colored in expression by the personality." Here is Tony Allen to perfection. Tony is the personality behind the principle for which he is working. Stronger or ing from all reports of Barrie's new play, "What Every Woman Knows," will begin December 21st. It is announced as an engagement of eight weeks.

Hot Stove—Cool Kitchen

How do you expect to endure the boiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-round cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.
